T. VV. Backhouse, F. A Bellamy, C. Q. Brodie, G. T. Davis, W. Il. Robinson, H. M. Whitley, and W. Wickham. It may be useful for future work if I put on record (see next page) the blank form which was sent out to Members of the Section for use by them in recording their observations. It has been found necessary (through considerations of time and labour involved) to discard some observations sent in grouped in constellations instead of in order of R. A. , as requested on the Blank Form. I have not hitherto taken any steps to deal with coloured stars other than red or orange stars, but an interesting field of work is..

Reviews

A brand new eBook with a new standpoint. I have got read through and i also am confident that i will gonna read again once again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.
