Reviews

This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Teen artist Dani Deane feels like the universe has imploded when her father dies. Days after his death, she sees him leafing through sketches in her room, roaming the halls at church, wandering his own wake. Is grief making her crazy? Or is her dad adrift between this world and the next, trying to contact her? Dani longs for his help as she tries and fails to connect with her workaholic mother. Her pain only deepens when astonishing secrets about her family history come to light. But Dani finds a surprising ally in Theo, the quiet guy lingering in the backstage of her life. He persistently reaches out as Dani's faith falters, her family relationships unravel, and she withdraws into a dangerous obsession with her father's ghostly appearances. Will she let her broken, prodigal heart find reason to hope again? From the skyscrapers of New York to the sheep-dotted English countryside, NEVER GONE explores life after loss with emotional honesty, humor, and a touch of romance. NEVER GONE is a ghost story for a new generation - a twisty journey through a young girl's battle with death, grief, and the discovery of family secrets that threaten to undo her world. Garver tackles difficult subjects with depth and grace, weaving the complexities of faith with the complexities of growing up. --Heidi Willis, author of *Some Kind of Normal*.
