Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Biography of Satan is a lovely collection of lore, logic, and philosophy, dating to the middle of the rational days of the 19th century. Within this work, Kersey Graves lays waste to the doctrine of eternal Hell and the very concept of a Satan, claiming that it is, within proper tradition, the Christian god himself who is the architect of evil and suffering. With numerous references to linguistics, pagan lore, and then-modern historical science, Graves work deserves far more attention from the world at large; and for those interested in the occult, and in magic, the comprehension of proper demonology requires such concepts to be understood- something sorely lacking in some traditions.
