Human Kinetics Publishers, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Building Character, Community, and a Growth Mindset in Physical Education is a highly practical and theoretically sound resource that will help you build a positive learning environment, teach valuable life skills, and inspire in students a desire to live active, healthy lives. It reinforces the many ways in which physical education and sport are the ideal setting to build college and career readiness skills. Teachers will learn how to help students develop a growth mindset and recognize that obstacles, challenges, and failures provide the greatest learning opportunities. The book is written with both American and Canadian national standards in mind: You can help your students achieve Standards 3, 4, and 5 of SHAPE America's National Standards and Grade-Level Outcomes for K-12 Physical Education and PHE Canada's goals for physical education (enable individuals to make healthy, active choices that are both beneficial to and respectful of their whole self, others, and their environment). It will also aid you in achieving Standard Six of the objectives set by the National Board for Professional Teaching Standards (NBPTS). This text provides - 35 new large-group warm-up activities; - 20 character-building activities; - 11 team-building challenges; - assessment, reflection, and goal-setting strategies; and - a web resource with ready-to-use printable and editable activity materials (such as focus words and definitions, reflection scenarios, station and team challenge cards, and more). The activities, which are ready-made for use in your curriculum, include a motivational strategy and resource tool using the acronym GROWTH that will help your students learn and adopt the growth mindset traits necessary to set and reach goals. The book addresses many hot-button topics, such as emotional intelligence, community building, teamwork, physical fitness, and goal setting--all...
