When the going got tough for one young man raised on the inner-city streets of Detroit, instead of getting tough and retaliating, he decides to take a different route in life. After young Roberts runs in with the law; rather than to fight against a corrupt penal system that has brought many young black men to the doorstep of prison, and some to an early grave, Robert chooses to make a difference, in order to prevent himself from becoming just another statistic of his time. After Robert comes to live with Wally, his learning abilities run off the intellectual charts and soon he is given the opportunity to attend one of the leading institutes in the nation. At MIT Robert excels beyond his own imagination and expectations while receiving top honors. Still willing to move ahead, he is accepted into the masters program at MIT, where he excels...
