Open University Press. Paperback. Book Condition: new. BRAND NEW, Understanding Youth in Late Modernity, Alan France, "Understanding Youth in Late Modernity is a highly readable book which lends itself both as a solid introduction and a reference point to the historical developments and theoretical debates taking place within the discipline of youth studies. This book provides a highly accessible text for anybody interested in the subject of youth and its changing role in late modernity. I thoroughly recommend it." Understanding Youth in Late Modernity is key reading for students and academics...
