Bolinda Audio, 2013. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Bestselling author Anita Bell purchased her first long-term asset as a 10-year-old using pocket money earned from her backyard business. By 16, she had bought her first block of land! This book - developed from extensive feedback from students, parents and education professionals - shows you how to educate your children to appreciate the value and uses of money. Starting with finances for the unborn, Anita works us through the expenses of pre-school, primary, secondary and tertiary education expenses. And yes, the vexatious question of pocket money - how much, when do you start and how to stop paying - are all covered. With tips on balancing part-time work, study and sport, goal setting and career planning, she covers all bases. Intended as a primer for parents and supplement to curriculum materials and including hints on saving and spending, **Your Kids Money** will ensure your children enter adulthood financially literate and perhaps even financially independent.
