*A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Absent The was written by Steve Brightman in October 2012, at his usual rate of one poem per day. The is absent from his work in this chapbook, minus one reference in his title poem. You, friend, are no Sisyphus. You may have your boulders. We all have our boulders. But we don t all have to push. Step off that pathway and watch that boulder roll on by. It will come to rest someplace. It will not be going any place soon. It will be there if you want it. - His Only World The Logic of Meteors is a peculiar look at how weather is, more frequently than not, a peripheral character in the lives we lead. This summer is the summer of unfolded wings and skyscraper testaments. -- Umbrellas on Decks The branches were a symphony of whips in the wind. -- Symphony of Whips There is never a vacuum between seasons, there is never an absence here. -- The New Empty.
