Crystal Heart Imprints, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Based on the Thoth (Crowley) deck, but works well with any Tarot deck, as journaling questions or group discussion. Both the light and dark side of each card is introduced with the intention of a unique personal journey into the insights and knowledge hidden in your psyche. The questions at the end of each page are designed to invoke a thoughtful dialogue with your higher self, encourage the discovery of new perceptions and gather information to help guide deeply personal decisions. To be whole, one must examine all aspects of the psyche. Tarot is the voice of inner wisdom with multiple layers to consider while contemplating your life path. Take your time with each meditation. Return to the cards that have had the biggest impact and then chart how the questions change as you evolve. It is not necessary to have a background in Tarot or to have studied the cards to benefit from each interpretation. Knowing Tarot is one part intellect and three parts intuition. This book is meant to access the intuitive and instinctive higher self that understands the symbolic language contained with the images of your deck. To understand the actual meanings and intention of the author and artist of a particular deck is always helpful, but accessing your personal process is, by far, the greater advantage to interpreting Tarot.
