Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This training manual introduces Quality Analysis for Windows: A Verification Tool, personal computer software developed by the U.S. Department of Education to assist institutions of higher education in increasing the accuracy of student financial aid awards, improving campus verification procedures, and enhancing management effectiveness. The Tool is part of the EExpress suite of software and is available to all schools. It helps schools analyze student data from the Free Application for Student Financial Aid to determine if changes in student reported data elements had an impact on eligibility for aid. This manual explains how to acquire the software, how to set it up, and how to create a database of records. It also describes data entry, initiating queries, and setting up the verification edit profiles. Three individual exercises are included, and resources for additional help are described. An appendix contains samples of additional verification reports.
