Dragon Key Press, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.It is commonly known that the United States was founded by men with a philosophy grounded in the occult: namely Freemasons, who saw in the US a potential New Atlantis, which would guide the nations towards a New World Order of peace, democracy, and enlightenment. But what few people understand is the correlation between the esoteric doctrines of Masonry and the economic principles that underpin the American economy. Few understand that the dollar is a unit of magical energy, and the dollar bill itself a magical talisman. Although many words have been written by conspiracy theorists analyzing the Masonic symbols on the one dollar bill, no one has yet been able to sufficiently explain why these symbols are there, or what they really mean. Solomon s Treasure explains how the magic of the dollar operates. The creation of money by the Federal Reserve, and its exponential multiplication by the procedures of the banking system, is analogous to the creation and multiplication of gold in the metaphysical practice of alchemy. The members of the Federal Reserve Board are in many ways like sorcerers, conjuring wealth seemingly out of thin air and distributing it at will to transform the American economy according to their desires. The dollar is fiat currency, declared into existence by the central bank in a manner similar to the creation of the universe by the divine words Let there be light! This system depends entirely on a religious faith by the American people in the supernatural power of the dollar. This faith is reinforced by the financial terminology currently in use, as well as by watchwords and symbols found on American money. These act as magical charms, and also...
