

## Moving Images - Mobile Viewers: 20th Century Visuality

Filesize: 7.7 MB

### ***Reviews***

*Very beneficial to any or all class of individuals. It is rally interesting throgh looking at time. You will not feel monotony at at any time of your time (that's what catalogs are for concerning in the event you question me).*

*(Dr. Dallas Reinger IV)*

## MOVING IMAGES - MOBILE VIEWERS: 20TH CENTURY VISUALITY

Lit Verlag Dez 2011, 2011. Taschenbuch. Book Condition: Neu. 237x161x17 mm. Neuware - Vision and movement seem to have shifted centre stage in modes of experience in the last century: as a result of their joint effect slow contemplative gazes at static images seem to be increasingly displaced by distracted, 'vernacular' ways of seeing. Looking out of the window of a speeding car, receiving photographs of planet earth from outer space, watching the flickering images of the TV screen, scrolling through a text, zooming in on a location in Google Earth, or sending images via mobile phones or webcams - all these are unique visual experiences that were impossible before various inventions in the 20th century originated completely new kinds of movement. The double meaning of 'moving images' is meant to signal the specificity of motion to these imagi(ni)ngs and at the same time to express the emotional power of those visual images which are able to transcend the constant stream of images in contemporary perception. With contributions by Renate Brosch, Winfried Fluck, Laura Bieger, Wolf-Dieter Ernst, Christof Decker, Martin Klepper, Elfi Bettinger, Julika Griem, Hans Ulrich Seeber, Nicola Glaubitz, Ronja Tripp, Guido Isekenmeier, Nina Jürgens, Wolfgang Hallet. 256 pp. Englisch.
