The Skellig Genre: sciencefiction/satire Synopsis In the year 2156 the skellig, a shapeshifter named Gamble, is off her tits on moonshine in a bar in Dodge. Thought to be a hybrid of insect and woman, an escapee from the bad batch back in the 30s, she is bagged and boxed by bounty hunters; sold to a laboratory funded offshore by the current Chinese empire. She is to be euthanized but she hits luck. The young scientist set the task of the killing has a secret. He has been inducted into a band of bandits intent on protecting and liberating runaways. Dystopia. Misrule. Pirates, badlands, crossbreeds, cowboys and a big Maori woman in charge of a whole town of warriors, the story the skellig tells is one of hope and redemption where hard tech and stainless steel meet legend and myth. Incorporating themes from the Underground Railroad transporting slaves to freedom, wormholes in a bar called the Midnight Express and a raft of characters of true depth, courage and sexiness this is a story where the enemy has no face. Corporate blindness to any kind of suffering and could be called greed. Only a well-orchestrated but desperate run by all concerned-shamans, shapeshifters, runaways, freed hybrids, humans, mutants and transdroids-can offer any chance of liberty. Guided by the starman, the skellig named Gamble, Mukata, Terrence, Bull, Rattlesnake Lil, and Alice in his armoured, all-terrain vehicle, flying his rainbow flag on a fifteen foot high middle-finger to the drone swarms overhead, several thousand individuals run, fly or ride in desperation, followed by a militarized force intent on destruction. Across the river that borders two worlds to the unknown lands of ice and snow, a...
