

Reality: Distinguishing Real and Imaginary States of Affairs for Recognizing Generally Accepted Falsehoods and Misconceptions (Paperback)

By Un-maa Saa

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Can angels, demons, ghosts, gods, or unobservable extra-dimensional alien beings be real? Are black holes and quantum gravity real? Do people actually have souls? Opinionated answers exist for all of these questions inclusive of affirmative, negative, and agnostic perspectives yet definite answers do exist based upon realistic criteria that removes all elements of opinion from these matters. As the Realist s Bible , Reality is the straightforward science-based handbook for discerning imaginary subjects commonly held to be real and for exposing the dishonest intents of individuals who choose to consciously promote imaginary states of affairs as being real. In addition, Reality introduces the perspective of R-Theory that resolves the so-called problems of quantum gravitation and the vacuum catastrophe while addressing the notion of black holes and providing a proposed quantum based system of universal measurements to be combined with a numerically natural radix and an accompanying numerical system. Throughout its three sections, Reality addresses issues pertaining to both religion and science to bring about a greater clarity of the world. The following is an excerpt from the introduction of Reality. ***There...
