Createspace, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Kirby D. Putzmeister doesn t mince words when it comes to religion. Rather than seeing faith and adherence to the whims of an all-powerful, otherworldly moral figure as positive, the author sees belief in-and obedience to-such figures as inherently immoral and evil. Through everyday language, thought experiments, and examinations of religions and world events, Putzmeister shows both the fallacies and moral pitfalls of trusting in an unknowable, nonexistent supreme being. Putzmeister s controversial, irreverent, and thought-provoking book encourages people to reclaim their moral responsibilities. No matter how the universe formed, we are the source of human morality. It s up to us, not some shadowy figure from the depths of myth, to decide what is, and is not, good and bad. We have an innate ability to differentiate between the two, and a duty to exercise that ability. Funny and straightforward, Your F*cking Faith is Evil avoids scholarly arguments for and against religious faith, relying instead on everyday conscious reality. Putzmeister asks readers to consider this question: Without the belief in an authoritarian deity, do you have the fortitude to live by your own moral code?.
