Reviews

This publication might be well worth a study, and much better than other. It is among the most awesome book i have got study. You may like the way the article writer publish this publication.

(Dr. Paige Bartell)

AMBITION AND REALITY : AUSTRIA'S FOREIGN POLICY SINCE 1945

[DOWNLOAD](#)

Studienverlag Gmbh Nov 2016, 2016. Taschenbuch. Condition: Neu. Neuware - This book describes the most important issues of the Second Republic's foreign policy in a succinct yet captivating way and provides insight into diplomatic practice. It is aimed at readers who are interested in international issues in general and Austrian foreign policy in particular and offers a highly informative and thoroughly readable overview of the developments of the past decades - from the re-establishment of the Foreign Service and Austria's role in the Cold War to the changes that have taken place since Austria's accession to the EU. The book sheds light on Austria's relations with her direct neighbouring states, the ambivalent relationship with the USA and the effects of the collapse of the USSR. The authors have written this book based on many years of experience in the diplomatic service. With their analysis they aim to contribute to a better understanding of Austria's position in an international context. They do not just direct their gaze into the past but also into the present and future of Austria's foreign policy. Above all they take into account the fundamental changes that took place at the beginning of the 21st century - changes that have brought totally new challenges for Austria. 172 pp. Englisch.
