Reviews

The book is fantastic and great. It normally will not cost an excessive amount of. I am just easily could possibly get a satisfaction of reading a published ebook.

(Edgar Witting)

iUniverse. Paperback. Condition: New. 132 pages. Dimensions: 9.2in. x 6.1in. x 0.4in. Perhaps a little unsettling, perhaps a little weird, perhaps a little ghastly, perhaps a little scientifically questioning, but easy-to-read entertaining, fun short stories that will charm you while leaving you with time and energy to pursue more serious things in life. The book opens with a story about lonely ghosts in a town in Germany. Another is about the ghost of a Japanese samurai trying a little too hard to get into samurai heaven. One is about a near alien abduction in a small town in the American West. One is about a military scientist who invents a scent that makes people submissive and aids ants in taking over the world, or is it his guilt? Another concerns a spy with multiple sclerosis trying to hide his illness and his encounter in a German town with something from beyond. And one is about a spore that comes to earth in a meteorite impact in Nevada and delivers a timely message to the inhabitants of our small blue planet. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
