This psychological cat-and-mouse thriller will leave you guessing until the very last page! Peter has always held himself to a high standard. Even in the military, he never let the power go to his head. He may have had the ability to commit violent acts in the name of his country, but he always maintained his honor and his integrity. He hoped that the people of his country and his loved ones would understand the sacrifices he made for their freedom. Instead, Peter finds himself shunned by society and on the run from a sinister attacker. Everyone believes that he is responsible for a horrific attack on a large party. Nothing could be further from the truth. Peter was drugged and framed for the crime. He spends every breath protesting his innocence, but no one believes him. To clear his good name and take a dangerous killer off the street, Peter knows that he can't act within military channels. He will have to go rogue. But this decision may be the death of him. The war he fought was dangerous, but now he's facing an opponent who could make his life a private hell.
