RHETORIC OF VOCAL EXPRESSION: A STUDY OF THE PROPERTIES OF THOUGHT, AS RELATED TO UTTERANCE (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Rhetoric of Vocal Expression: A Study of the Properties of Thought, as Related to Utterance This book is an outgrowth of practical class-room work. It is an effort to strengthen that work by furnishing a basis for pursuing elocution as a study. This it attempts to do by giving some definite statement of the principles that govern the mental processes of communication. Heretofore, too generally, the physical has led, instead of the mental. Elocution has been treated as if the materials of the science were tone and action. These are simply its tools. The design has been so to present the subject that the student should have a definite thing to do each day; should be able to have a lesson assigned, to prepare that lesson, and to bring into class the results of his work upon it, as definitely as in any other study. Our elocutionary work in schools and colleges has been, for the most part, a little class-room drill, interspersed with a few general hints and seed thoughts regarding expression. We have always said Be flexible, Be erect, Let your bearing and gesture be expressive, etc.; but since Delsarte has shown us a rationale of bearing and gesture, we are able to substitute definite teaching - i. e., method - for general exhortation. Likewise we have said Get the meaning, Absorb the thought, Realize the sense, without showing definite means for doing this obviously necessary thing. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
