This world and who we think ourselves to be is only a temporary dream. But our existence within the darkness and ignorance of this lower self-consciousness is of tremendous importance. It is here that we Homo sapiens have the opportunity to transcend our present mind dominated human-animal consciousness. This is the fundamental message that is received during the life-altering occurrence of Self-Realization. We begin the spiritual journey of transformation in order to obtain liberation from the lower self-consciousness by evolving into the Higher Self-consciousness, which is the next stage in mankind's evolution. The effect of transcending the old consciousness poses many problems due to powerful and dangerous alterations to our psyche and biological system. The transforming power of kundalini can burn out the nervous system and unbalance the personality, from which it may never recover. What role does kundalini and Grace play in our Awakening? How do we transcend our animal traits? Can we use sex in order to go beyond sex? How do we adapt to living simultaneously in the two opposing worlds of duality and Oneness? What is consciousness? What and who is the new race that is going to replace the old man? Does time exist? What is the connection we have with our Soul? Does God exist? Who is really in charge?.
