Life can be a game of Russian roulette with the Grim Reaper where timing and luck may play a major role in determining fate. Johnny Buck doesn't understand this. He's an impetuous kid with a suicidal father who suddenly wants Johnny and his mother dead. Throughout his life Johnny makes a lot of bad choices based on impulsive behavior and wishful thinking. He finds himself involved with the wrong women while the promising ones seem to slip away. Coincidentally all of them except one are named Angela. In his late twenties Johnny finds himself becoming attracted to the spellbinding writing of a mysterious novelist using the pen name Samantha Sommers. He conjures up a stunning image of her to match her prose. Becoming infatuated with her, Johnny decides to write her a long letter expressing his attraction to her captivating writing style and fascinating characters. He reveals his desire to meet her. She replies with a brief letter stating bluntly that it wouldn't be a good idea. Still he wonders who she is. Through a course of events that seem to be guided by fate, he's about to find out.
