Bluefields, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. When Avery Shaw s heart is shattered by her life-long best friend, she chooses to deal with it the only way she knows how-scientifically. The state science fair is coming up and Avery decides to use her broken heart as the topic of her experiment. She s going to find the cure. By forcing herself to experience the seven stages of grief through a series of social tests, she believes she will be able to get over Aiden Kennedy and make herself ready to love again. But she can t do this experiment alone, and her partner (ex partner!) is the one who broke her heart. Avery finds the solution to her troubles in the form of Aiden s older brother Grayson. The gorgeous womanizer is about to be kicked off the school basketball team for failing physics. He s in need of a good tutor and some serious extra credit. But when Avery recruits the lovable Grayson to be her objective outside observer, she gets a whole lot more than she bargained for, because Grayson has a theory of his own: Avery doesn t need to grieve. She needs to live. And if there s one thing Grayson Kennedy is good at, it s living life to the fullest.
