Toby is a fairly ordinary nine-year-old, but he has an extraordinary secret-he is the proud new owner of a time-traveling rocket! The adventure begins when Toby s tooth falls out at the dinner table. He s sure it s because his mother is making him eat icky vegetables once again. He wishes that the Anti-Vegetable Squad would storm in and protect him from such horrible torture, but nothing happens. At least he got a tooth out of it, and that s worth something. Toby may be young, but he knows an opportunity when he sees one. He trades his tooth for his cousin s mathematics medal and starts a series of exchanges that finally lands him his very own time-traveling rocket! There s just one problem. Toby needs some kind of special fuel to get his rocket moving. What s a boy to do? Toby will have to use some quick thinking and a surprising secret ingredient to make his time machine finally fly, and that s just the start of the adventure! Toby will be whisked back to prehistoric Earth, ancient Egypt, and other amazing points in history. From one small tooth springs a series of time-traveling adventures that will test Toby s independence, courage, and determination!.
