Forgotten Books. Paperback. Condition: New. This item is printed on demand. 24 pages. Dimensions: 9.0in. x 6.0in. x 0.1in. Excerpt from Why Is America Neutral: victim of Teutonic rulers. The monarchical system of Europe is to-day a King Trust Made in Germany. It was Frederick II. of Hesse-Cassel, who sent over to this country 22,000 hireling German soldiers to shoot down the American patriots of 1776, who with a bravery which reminds us of the Belgians of to-day were fighting that their country should be free. Why is America neutral It is the Government not the people of America which is neutral in this world crisis. No one believes that either President Wilson or Secretary Bryan, with their ancestry, patriotism, experience, and political faith are in their hearts any more neutral than the average American. Americas Obligation To England. The Declaration of Independence was the product of the heart and brain of an Englishman, Thomas Paine, and all the fathers of this Republic were of British ancestry. There are some England-haters in this country to whom I have a message. I want to remind them that England has given to the people of America their language, literature, law, and political ideals. The English were not the discoverers or even the first settlers in the United States; they have formed only a small minority of the vast army of immigrants which has made this Republic its home, but nevertheless we are a nation established and doing business largely on English patterns.
