

Lost Nuke: The Last Flight of Bomber 075, Revised Edition (Paperback)

By Dirk Septer

Heritage House, 2016. Paperback. Condition: New. Revised. Language: English . Brand New Book. A story seemingly drawn out of a Hollywood action script. Gripping stuff. --Canada's History Just before midnight on February 13, 1950, three engines of a US Air Force B-36 intercontinental bomber caught fire over Canada's northwest coast. The crew jumped, and the plane ditched somewhere in the Pacific Ocean. Almost four years later, the wreck of the bomber was found accidentally in a remote location in the coastal mountains of British Columbia, three hours flying time in the opposite direction of where it was supposed to have crashed. After years of silence, the United States finally admitted to losing its very first nuclear bomb; the incident was its first Broken Arrow, the code name for accidents involving nuclear weapons. But was the bomb dropped and exploded over the Inside Passage, or was it blown up at the aircraft's resting place in the mountains? This Cold War-era tale follows the last flight of bomber 075 and attempts to unravel the real story behind more than fifty years of secrecy, misdirection, and misinformation.

Reviews

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who stante that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

-- **Cale Hansen Sr.**

Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).

-- **Lexie Paucek PhD**
