Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Deep under DARPA s Black Center, super-intelligent synthetic brain Neuro is under cyber attack. While investigating the security breaches, scientists Joanna and Max connect Neuro s hackers to seemingly unrelated world events: Russia s FSB requesting assistance from the NSA, mafia bosses committing suicide; booming economies suddenly spiraling down. The investigators suspect that these events are the brush strokes of a single villain and the precursors to an international disaster. The inquiry throws Joanna and Max quickly into the midst of terror plots and WMDs on the move. After surviving the villain s murderous tentacles in Moscow, Singapore, and Paris, the pair are no closer to unmasking the faceless mastermind or his obscure objective. And a highly disturbed Neuro is unable to assist.
