Brand New Book ***** Print on Demand *****.Excerpt from The Teacher s Encyclopaedia of the Theory, Method, Practice, History and Development of Education at Home and Abroad, Vol. 3 of 7 The articles in Vol. IV. complete the general scheme of the Teacher s Encyclopedia as laid down in the Introduction to Vol. I., so far as relates to the specific subjects of instruction in both primary and secondary schools. They also include valuable contributions dealing with the relationship of the Child to the Law, and with the efforts being made for the welfare of the children who leave school at an early age. The comprehensive list of books attached to the article on School Libraries will make the selection of suitable home reading an easy matter. The articles do not readily lend themselves to pictorial illustration, and the list of illustrations therefore is shorter than those in previous volumes.
