Brand New Book ***** Print on Demand *****.Excerpt from Complete Self-Instructing Library of Practical Photography, Vol. 1: Volume I Elementary Photography Back in the 70 s of the last century - not so many years ago, after all - photography was in its infancy and but little practiced by general public. The few professionals who made it their regular business prepared most of their own materials, plates, papers, etc., and the results were frequently very uncertain, as they depended largely upon local conditions, and on the skill and knowledge of the operator. Photography as applied today to the arts and sciences was unheard of. Now, there is hardly a science, industry, or enterprise of any account undertaken that photography, in some form or other, does not enter into. It is invaluable as an aid to research, study, and to the diffusion of knowledge. It has extended its influence far beyond the limits of a popular science, into a world-embracing industry. It is an Art; it is a part of every science. It has revolutionized the art of printing. The magazine and book illustrations, the...
