

## Advances in Cryogenic Engineering Part A B

By R. W. Fast

Springer. Paperback. Condition: New. 899 pages. The 1989 Cryogenic Engineering Conference, meeting jointly with the International Cryogenic Materials Conference, was held on the campus of the University of California, Los Angeles from July 24 to 28. Professor T. H. K. Frederking was the conference chairman. The Conference had previously met at U. C. L. A. in 1962 and 1969. A special symposium, A Half Century of Superfluid Helium, was a significant part of the program of CEC-89. We were especially fortunate to have Professor Jack Allen of the University of St. Andrews, Scotland present at the Conference; his paper, Early Superfluidity in Cambridge, 1936 to 1939, was a delightful, often humorous account of the early experimental work with superfluid helium. Professors V. L. Ginzburg and J. L. Olesen could not be present for the Symposium, but provided papers which are published in these proceedings. The late Bill Fairbank, responding graciously to a last-minute invitation from Professor Frederking, presented a wonderful account of superfluid research in the United States in the post-war years. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

### Reviews

*Complete guideline for ebook enthusiasts. It really is loaded with knowledge and wisdom Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Delilah Hansen**

*This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.*
