DESIGN: MILITARY MEDICAL FACILITIES: UNIFIED FACILITIES CRITERIA UFC 4-510-01 (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Printed in COLOR as originally intended If you like this book (or the Kindle version), please leave positive review. This Unified Facilities Criteria (UFC) 4-510-01 provides mandatory policies and procedures for programming, planning, design, and construction throughout the lifecycle of Military Medical Facilities, also referenced as Medical Treatment Facilities (MTFs), including medical and dental treatment facilities, medical training facilities, medical research facilities, veterinary facilities in the Military Health System (MHS) and/or other facility projects specifically designated to the MHS by an appropriate project authorization document. In the event of conflict with any other UFC, the provisions of this document take precedence. Includes a list of applicable NIST, UFC, and DHS cybersecurity publications for consideration. Why buy a book you can download for free? First you gotta find a good clean (legible) copy and make sure it s the latest version (not always easy). Then you gotta print it using a network printer you share with 100 other people - and its outta paper - and the toner is low (take out the toner cartridge, shake it, then put it back). If it s just 10 pages, no problem, but if it s a 250-page book, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. An engineer that s paid \$75 an hour has to do this himself (who has assistant s anymore?). We look over each document carefully and replace poor quality images by going back to the original source document. We proof the document to make sure it s all there - including all changes. It s much more cost-effective to just order the latest version from...
