AKAL, 2018. Condition: Nuevo. «Lo que circula entre los investigadores y los no especialistas, o incluso entre una ciencia y los especialistas de las otras ciencias, son, como mucho, los resultados, jamás las operaciones. Nunca se entra en las cocinas de la ciencia.» Son estos secretos de oficio, estas recetas de elaboración, estas habilidades, las que Pierre Bourdieu quiere ofrecernos aquí. Reagrupando el conjunto de las respuestas que ha dado -en conferencias, intervenciones orales o entrevistas- a las principales cuestiones que plantea la sociología, presenta, en la forma a la vez directa y matizada que permite el discurso oral, reflexiones sobre el método y conceptos fundamentales de su sociología (campo, habitus, capital, inversión, etc.), sobre los problemas epistemológicos y filosóficos de la ciencia social, además de nuevos análisis de la cultura y la política, la huelga y el sindicalismo, el deporte, la literatura, la moda y la vida artística, el lenguaje y la música. Facilitando el acceso al trabajo sociológico en su fase de elaboración, invita al lector, no a identificarse con su «pensamiento» ya pensado, sino a hacerse con el dominio de un método de pensamiento.
