At the branch farms much of the work is so arranged as to cover those questions which are of the most immediate importance to the farmers residing in the several provinces. Each farm is furnished with suitable buildings and supplied with the best breeds of dairy cattle and some of those best suited for beef. Useful experiments are conducted with these, also in raising swine and poultry. Many tests are made with the most promising varieties of grain, fodder-crops, roots, vegetables, forest and ornamental trees, shrubs, c. Experiments are also conducted as to the best...
