When lightning strikes, you never know where you ll end up . . . or when. They say it s rare for a person to survive a lightning strike, but that s exactly what happened when Hunter shoved a time card into an antique punch clock. Not only did he survive the hit, he was sent back in time to 1963. Hunter finds himself trapped in a strange new place, where computers and cell phones don t exist, people don t realize that cigarettes will kill you, and Tarzan is the biggest superhero. Hunter s new friends in weirdo world, Bobby, Eddie, Davey, and Roy, agree to let him hide out in their treehouse, teach him to ride an actual bicycle, and get him to join their pickup baseball team. The only hitch to his new life is that he misses his home. Hunter must convince the guys that he really is from the year 2010 before they ll help him figure out a way to get home.
