Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I continue to invite readers to consider publishing a simple 200 word article about an idea that has the capability to be the seed of a positive perspective shift for the readers of it. This is not an invitation to vent or blame. I encourage you to publish the articles yourself and submit to news media and politicians and also send them to me at if you would like me to consider publishing your possibilities. This is an invitation to share something wise that can be the seed that is needed by those who read your idea. You could intend that they will be able to focus their energy in a way that will prepare your idea seed to grow and help them and others. The messages could help heal, release, grow from, process, understand, rethink, conceptualize, organize and otherwise analyze the who, what, when, where, how and why of an event. Understanding things can allow new perspectives of the ways that everything and everyone fits in to the grand scheme of things.
