

Smith s Recognizable Patterns of Human Deformation (Hardback)

By John M. Graham, Pedro A. Sanchez-Lara

Elsevier - Health Sciences Division, United States, 2015. Hardback. Condition: New. 4th Revised edition. Language: English . Brand New Book. Perfect for residents, pediatricians, practitioners, or parents seeking further information, Smith s Recognizable Patterns of Human Deformation provides evidence-based management for a range of common pediatric problems affecting the limbs and craniofacial region. The only source devoted to the diagnoses and management of birth defects resulting from mechanical forces, this reference supplies the essential guidance needed for timely intervention and effective treatment. Examines the initial clinical approach to suspected deformation problems, and then walks you through pathogenesis, diagnostic features, management, prognosis, and counseling for each condition. Addresses a full range of lower extremity deformations; joint dislocations; nerve palsies; chest and spinal deformations; head and neck deformations; craniosynostosis and cranial bone variations; problems associated with abnormal birth presentation, birth palsies, and procedure-related defects; infant head shape variations; and torticollis. Distinguish deformations from malformations for appropriate management. Each chapter utilizes four consistent sections - Genesis, Features, Management and Prognosis, and Differential Diagnosis - to provide concise yet comprehensive information on 50 common pediatric conditions. These chapters are available for individual purchase or download to serve as educational guides for parents regarding evidence-based management of these conditions....

Reviews

Complete guideline for publication fans. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Llewellyn Terry**

The very best publication i possibly read. it was writtern very perfectly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.
