

Optical fiber communication (Information Engineering of Higher Education for the 21st century professional planning materials)(Chinese Edition)

Filesize: 4.86 MB

Reviews

This book may be worth purchasing. It typically fails to expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Ken Watsica)

OPTICAL FIBER COMMUNICATION (INFORMATION ENGINEERING OF HIGHER EDUCATION FOR THE 21ST CENTURY PROFESSIONAL PLANNING MATERIALS)(CHINESE EDITION)

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date :2004-02-01 Pages: 258 Publisher: of Xi'an UESTC the books edge of KC11.5 information title: Optical Fiber Communication (Information Engineering of Higher Education for the 21st century professional planning materials) List Price: \$ 20 Author: Cui Min Wang Hai TG. Zhang Baofu Publisher: Xi'an the UESTC publication date :2004-02-01 ISBN: 9787560613345 Number of words: Page: 258 Revision: Binding: Folio: 16 Weight: Editor's Choice book is a basic optical fiber communication materials. but also a universal reading. Book content relates to a plurality of aspects of the optical fiber communication field. and specifically includes the transmission fiber. the semiconductor light source and a light detector. passive optical devices. optical amplifiers. optical fiber communication system components and system design. It can be used as the universities electronic information engineering. communications engineering. broadcast television and other related professional undergraduate textbooks and the optical fiber communication Self. correspondence materials. SUMMARY book content relates to a plurality of aspects of the optical fiber communication field. specifically including the transmission optical fiber. a semiconductor light source and a light detector. passive optical devices. optical amplifiers. optical fiber communication system components and system design. SDH and WDM optical network composed of principle as well as the basic principle of optical fiber communication commonly used test instruments and test methods. The biggest feature of the book is selected both the the most representative has been widely used in optical fiber communication technology and the latest advances of modern fiber-optic communication. content selection to the basic concepts and principles-based relative stability. further to learn and master the new technology of optical fiber communication. The book is a basic teaching materials in optical fiber communication. is also a popular...
