SASS AND COMPASS FOR DESIGNERS

Packt Publishing. Paperback. Condition: New. 274 pages. Dimensions: 9.2in. x 7.5in. x 0.7in. Produce and maintain cross-browser CSS files easier than ever before with the Sass CSS preprocessor and its companion authoring framework, Compass. Overview Simple, clear, and thorough. This book ensures you don't need to be a programming mastermind to wield the power of Sass and Compass! Previously tricky and time-consuming CSS tasks will become trivial. Easily produce cross-browser CSS3 gradients, shadows, and transformations along with image sprites, data URLs, and more. Follow along with installing, setting up, and working through an entire project, implementing the Sass and Compass techniques and tools as we go. In Detail The CSS preprocessor, Sass, is becoming the de-facto standard for producing cross-browser CSS more maintainable and with more ease. It supercharges CSS with features that make previously difficult and time-consuming tasks trivial. This book concentrates on distilling the techniques in a straightforward manner making it accessible to all, even to those that only know HTML and CSS. Written by the author of the bestselling Responsive Web Design with HTML5 and CSS3, Sass and Compass for Designers will explain everything you need to get Sass and Compass installed, mastered, and making your life easier. There will be no perplexing terminology or baffling syntax left unexplained. We'll get you set up and then build a site together, step by step, using the incredible power of Sass and Compass. We will start with a completely unstyled HTML document and build a responsive Sass and Compass powered website step by step. Sass and Compass make CSS easy. You'll learn how to manipulate color in the stylesheet with a single command, create responsive grids with ease, automatically create image sprites, and create CSS3 powered rules that work across all modern browsers. Sass and Compass for Designers explains how...
