van Haren Publishing. Paperback. Condition: new. BRAND NEW, IT Outsourcing: An Introduction, Frank Winnubst, Bart Straathof, Polo van der Putt, Kees Van Oosterhout, Sicco-Jan van der Meulen, The globalization and development of the network society meant that extensive IT outsourcing activity was inevitable. At first, the main reason was cost reduction, but today's organizations have to do offshore outsourcing for other reasons as well. However outsourcing is no simple task and practical guidance based on extensive experience can be hard to find. A number of companies have invested heavily in continually refining their outsourcing skills to achieve best practice. This book takes their valuable experience and expertise and now makes it available to a much larger audience. What's more, this Best Practice is so important that it has been developed into courseware and training dedicated to those who need to make outsourcing work. The PON (Platform Outsourcing Netherlands) provides courses on the Basics of Sourcing for their members, and this book represents the most important aspects of these. The course trainers are all experts from organizations connected to PON and their detailed course notes and skills have all contributed to this unique title. This ground-breaking text is also suitable as...
