Proserpine is a verse drama written for children by the English Romantic writers Mary Shelley and Percy Bysshe Shelley. Mary wrote the blank verse drama and Percy contributed two lyric poems. Composed in 1820 while the Shelleys were living in Italy, it is often considered a partner to the Shelleys play *Midas*. Proserpine was first published in the London periodical *The Winter's Wreath* in 1832. Whether the drama was ever intended to be staged is a point of debate among scholars. The drama is based on Ovid's tale of the abduction of Proserpine by Pluto, which itself was based on the Greek myth of Demeter and Persephone. Mary Shelley's version focuses on the female characters. In a largely feminist retelling from Ceres's point of view, Shelley emphasises the separation of mother and daughter and the strength offered by a community of women. Ceres represents life and love, and Pluto represents death and violence. The genres of the text also reflect gender debates of the time. Percy contributed in the lyric verse form traditionally dominated by men; Mary created a drama with elements common to early nineteenth-century women's writing: details of everyday life and empathetic dialogue. Proserpine is part of a female literary tradition which, as feminist literary critic Susan Gubar describes it, has used the story of Ceres and Proserpine to re-define, to re-affirm and to celebrate female consciousness itself. However, the play has been both neglected and marginalised by critics.
