

Coffee, Love and Matrix Algebra

By Gary Ernest Davis

Republic of Mathematics, United States, 2014. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Jeffrey Albacete is an established textbook author, with his classic text Matrix Algebra into its 9th edition. His satisfaction and sense of accomplishment is turned upside down when a computer science undergraduate and a new German colleague suggest writing a different version of his text. The tensions of his university Department of Mathematics come into sharp relief as Professor Jeffrey Albacete begins work on the 10th edition of his esteemed text. Professor Albacete s love of coffee, his sense of entitlement, and his penchant for blueberry muffins, epitomize his self-absorbed approach to life. A trip to Cyprus sees him embarrassed in more than one way, and his life seems to be taking a strange turn until love enters the scene.
