Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. When journalist and author Alison Stewart was confronted with emptying her late parents overloaded basement, a job that dragged on for months, it got her thinking: How did it come to this? Why do smart, successful people hold on to old Christmas bows, chipped knickknacks, and books they will likely never reread? Junk details Stewart s three-year investigation into America s stuff. Stewart rides along with junk removal teams like Trash Daddy, Annie Haul, and Junk Vets. She goes backstage at Antiques Roadshow and learns what makes for compelling junk-based television with the executive producer of Pawn Stars. And she even investigates the growing problem of space junk - 23,000 pieces of manmade debris orbiting the planet at 17,500 miles per hour, threatening both satellites and human space exploration. But it s not all dire. Listeners will also learn that there are creative solutions to America s crushing consumer culture. The author visits with Deron Beal, founder of FreeCycle, an online community of people who would rather give away than throw away their no-longer-needed possessions. She spends a day at a Repair Cafe, where volunteer tinkerers bring new life to broken appliances, toys, and just about anything. Junk is a delightful journey through 250-mile-long yard sales, resale shops, and packrat dens, both human and rodent, that for most listeners will look surprisingly familiar.
