They were abruptly hijacked by two inept kidnappers, Cleats, who always wore white cleats and Toot who had a terrible flatulent problem. They demanded that a million dollar ransom be delivered to marker 88 in a Ffolgerr's coffee can. They needed the money to start their new business, bottling Toot's gas. They knew natural gas was the wave of the future. Prince Rupert, Manuela's husband was off to the Sand Trap Open in the Sahara and was unaware of their plight. Manuela's father Manuel Manuel hired Private Investigator Clara Volant to help find the missing duo. Mischief and mayhem occur as Manuela and Truman try to escape their captors on a deserted island in the Ten thousand Islands. Cleats and Toot run into trouble and flee. All are pursued by the PI Clara Voyant whose relentless search brings unusually hilarious results. It's about adventure and romance on the high seas, on a deserted island and in the air. The twists and turns will keep you in stitches as these unpredictable crazy characters get into one predicament and another.
