The work of selecting questions that would be comprehensive and practical, yet would not include any of the unnecessary detail in the various subjects of the elementary school, led to the examination of several thousand question papers prepared by the civil service and examining boards throughout the country. The questions have been selected for their utility and their disciplinary value. They are arranged logically, following the general order of cause and effect. They should encourage thought. The answers are supported by the authoritative text-books in the respective fields of knowledge. The book has been tested in the classroom. It is comprehensive without the burdensome and unessential details usually found in books of this nature. It reviews the necessary subjects in the curricula in use throughout the country, and those called for in the special and civil service examinations for teachers and others. The purpose of the book is twofold: for the teacher and examiner it furnishes a wide range of questions suitable for drill, test and review; for the student it supplies an exhaustive and analytic quiz of the subjects that will aid in the preparation for the many examinations that he takes, not omitting the encouragement of original thought. I desire to acknowledge my deep appreciation for the valuable suggestions and criticisms made by Ossian Lang, editor of School Journal,...
