I don't know about you, but I am concerned about the future, and I want to know everything there is to know about where I came from, and where I am going for eternity. I believe the Bible contains the most vital and accurate information of any book ever written. The world we live in today is setting the stage for the most exciting time in the history of man. It is a time like no other generation has ever experienced. It will be horrifying to the one who does not have any idea of what is ahead, when things begin to take place, that will change the world we live in so rapidly. Time is everything in this busy world. Most people have such tight schedules, that they simply do not want to be bothered reading a book such as the Bible. It may seem confusing, and even hard to understand. SO-what do they do? They pass it on by, while thinking, Maybe later I will take the time to see what the Bible is all about. I urge you to take this little book of mine, and read it through, and you will know the most important facts of the wonderful account called the Bible, that was given by God, and written by holy men of God many, many, years ago. This little book will surprise you, because it contains some real gems. When you read it through, you will wonder about things that are happening before your eyes on this earth. You will see things that already have come to pass that tie in with events happening now.
