*It is fantastic and great. It is written in easy words and phrases instead of confusing. I am just delighted to explain how this is actually the best book I have ever read through during my individual life and might be the finest publication for ever.*

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from An Itinerary of the English Cathedrals for the Use of Travellers I have preserved Dr. Gilchrist s order, beginning with Liver pool, where the American tourist lands, but as the Itinerary brings the reader back to Liverpool a complete circuit is formed, and it is obvious that the beginning and ending may with equal convenience be made at any part of it. This book is likely to be found useful, chie?y by those who, having but a limited time, wish to see either the whole number of cathedrals, or a group in any particular district. But it will also serve to show those desirous of making a more thorough study of certain features or architectural styles where they may best be found and then fuller information may be obtained from the monographs in the Cathedral Series. It is hoped that the Introductory Chapter will be found sufficient to give the tourist, who has not made a study of architecture, enough information to enable him to enjoy intelligently the buildings that he visits. The map and table of the chief dimensions of the English Cathedral Churches will also be found useful. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
