

Resisting Qualifications Reforms in New Zealand: The English Study Design as Constructive Dissent (Paperback)

By -

Sense Publishers, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.New Zealand has been a veritable laboratory for a range of social experiments in the last twenty years, including an arranged marriage with neo-liberal economic policies during the late 80s and 90s. These experiments extended to education, where students, teachers, teacher educators and researchers have experienced wide-ranging reforms in administration, curriculum and qualifications. The most contentious of these have been a series of untried and radical qualifications reforms. This book offers a critical examination of these reforms from the perspective of a group of educators who resisted them by doing the unthinkable: devising their own national qualification and making it work.
