Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. From the PREFACE. THIS translation was made at the suggestion of my friend, Dr. W. R. Newbold, Professor of Greek Philosophy at the University of Pennsylvania, in the hope of interesting here and there a student of thought or a lover of poetry. The introduction and notes are intended merely to illustrate the text: they touch only incidentally on the doxographical material and give thus by no means a complete account of all it is possible to know about Empedocles s philosophy. My indebtedness to the critics is frequently attested in the references; but I have in all points tried to exercise an independent judgment. Most citations from works not accessible in English are given in translation. It is a genuine pleasure to acknowledge my special obligations to Professor Newbold and to Professor E. B. McGilvary of the philosophical department at Wisconsin for their kindness in reading the manuscript and adding several valuable suggestions. I am indebted to Dr. J. R. Blackman of the department of physiology at the University of Wisconsin for medical references. William Ellery Leonard.
