Preparing for Adoption provides clear advice on how to prepare for your adoptive child and create a strong foundation for a healthy and loving relationship. Julia Davis explains how many different factors can shape preparations for adoption, such as finding out about your child s history and using this information to establish a family environment which will meet your child s specific attachment needs. There is also advice on how to prepare your home to create a sense of safety for your child and how to prepare your family to support you as adoptive parents. Primarily for adopters, foster carers and professionals supporting adopters, this book offers ideas and strategies to help parents prepare a happy and settled home for children before their arrival and ways to parent them in the early days of becoming a family that addresses their attachment needs.
