Reviews

This pdf is definitely worth getting. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.

Speedy Publishing LLC, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. An Introduction to Scrum gives the reader the opportunity to learn exactly what scrum is all about and to be able to learn the basic functions of it as well. It is a great tool that can be used for application development or to manage software projects. The author ensures that things are kept simple so that the reader has no problems at all understanding and executing what they are taught in the book. Many persons shy away from learning new things, especially when they are technology based as they think that it will simply be too hard to learn in a short period of time. This text dispels that thought quite easily.
