Little Leonardo s Fascinating World of Math

By Greg Paprocki

Gibbs M. Smith Inc, United States, 2018. Board book. Condition: New. Language: English . Brand New Book. An introductory primer for kids learning about the M in STEAM Mathematics. Math is the basic foundation upon which most of the other areas of STEAM rely. If a child aspires to be a scientist or an engineer or an architect, they need to first understand math. Little Leonardo s Fascinating World of Math introduces many mathematical concepts in a context showing their interconnectedness with so many of the things in our everyday lives. This new series of books featuring illustrations by popular artist Greg Paprocki is the perfect way to encourage your brilliant child s interest in all facets of the educational STEAM curriculum: Science, Technology, Engineering, the Arts, and Mathematics. Your child will be enticed by the fun and surprising details revealed in Paprocki s cool and colorful artwork on every page. Greg Paprocki works full-time as an illustrator and book designer. He has illustrated several Curious George books, as well as The Big Book of Superheroes for Gibbs Smith. He began his career as an advertising art director after studying fine art and graphic design at the University of Nebraska....

Reviews

This is an amazing book that I actually have actually read through. I am quite late in start reading this one, but better then never. You will not truly feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).
